

Statement of Purpose

The Menifee County Inter-Agency Meeting is a social services initiative spearheaded by Gateway Community Action. The goal of the Menifee County Inter-Agency Meeting is to open lines of communication and to create spirit of togetherness for the many faith and community based organizations that provide help to the citizens of Menifee County.

The Menifee County Inter Agency Meeting is sponsored by:

About the Organization: Gateway District Health Department serves Bath, Menifee, Morgan and Rowan Counties with the main goal of Health Maintenance/Promotion through clinic and community activities and projects. Each county has a local health department and there is also 20 school health units in each county. Gateway also partners with Morehead State University Caudill Health Clinic to provide some services.

Services:

Family Planning - designed to provide access to contraceptive services, supplies and information to all who want them.

Kentucky Women's Cancer Screening – provides breast and cervical cancer screenings, diagnostic follow-up services and case management utilizing federal grant monies from the National Breast and Cervical Early Detection Program as well as state and local funds.

Prenatal – This is part of Kentucky's efforts to reduce infant mortality and improving birth outcomes. Prenatal funding for Personal Health Services should be used for pregnant women who have income at or below 185% of the Federal Poverty level and have no other payor source.

HANDS – is a maternal and infant home visitation program to teach and support first time parents with developing family strengths, improving family functioning, and improving parenting skills.

Women, Infants, and Children Supplemental Nutrition (WIC) – A special supplemental nutrition program for women (pregnant and post partum up to 6 months and fully breast feeding women up to 1 year), infants (birth to 1 year) and children (ages 1 to 5). It provides specific nutritious foods and nutrition education to eligible persons.

Well Child – program is designed to increase access, so that Kentucky children could receive Well-Child/Early Periodic Screening of EPSDT exam by nurses at local health departments. This includes a comprehensive history, screening, and assessments of physical, developmental, mental and social well being of the child.
KRS 211.180

Child Fatality Review and Injury Prevention – established in law, KRS 211.686. The purpose of the local teams in each county is to assist the coroner in determining an accurate manner and cause of death, provide grief counseling for infant and child deaths, assist in meetings and reporting and look for ways to reduce child fatality and injury for that county through special projects and activities.

Tobacco Control – is a population based service for all people the health department service area. Interventions include policy and environmental change strategies that are evidenced based, 5A's (Ask, Advise, Refer), Tobacco Quit Line

and smoking cessation services available, and education on dangers of second hand smoke.

Medical Nutrition Therapy - is to support community and individuals in providing education and 1:1 counseling for special diets and nutrition concerns in clinic and community activities.

Core Public Health Education for MCH – It is a core public health service to inform, educate, and empower people about health issues. These issues include: healthy pregnancies, breastfeeding, childhood obesity prevention, Injury prevention (safe, sleep, including avoidance of co-sleeping), proper use of child safety restraints in vehicles, childhood lead poisoning prevention, age appropriate injury prevention, avoidance of second hand smoke, drugs and alcohol).

Environmental Services – Provide for inspections and oversight for the sanitary operation of food service establishments including concessions, food service establishments, retail food stores, temporary food, vending machines and bed and breakfast facilities. Protection of public in sanitary operation of public facilities: correction facilities; hotel & motels; mobile homes and R.V.s; schools; swimming pools and beaches; tattoo and body piercing studios; tanning facilities and youth camps. Regulate matters related to vector control; rabies control measures; septic tank pumpers; private water; and public health nuisances in order to protect public health.

Disaster Response – Activities should be conducted as they relate to regulated facilities and public protection and emergency operations.

Communicable/Reportable Disease Services - Routine communicable diseases surveillance, investigation and reporting. Local health department staff will assist with outbreak investigations epidemiologist services and onsite assistances necessary.

STD Control – is a statewide system for the detection, prevention and control of sexually transmitted diseases.

HIV/AIDS – is a state wide system to promote the prevention of HIV transmission and associated morbidity and mortality.

Tuberculosis Prevention and Control – is a program that works to (1) render and maintain as non-infectious all individuals who have TB disease; (2) to ensure non-infected persons do not become infected; and (3) to ensure that individuals who are infected but who do have the TB disease remain non-infectious. The local health department provides services and assistance to individuals, facilities and agencies.

Immunization Services – is providing immunizations and immunization education to promote the health of Kentuckians by decreasing the incidence of vaccine preventable diseases.

Rabies Prevention – strives to prevent human fatalities due to the zoonotic transmission of rabies.

Childcare Health Consultant – providing regional consulting for 11 counties for childcare centers. Services include: consulting on health, safety, and nutrition; credentialed trainer providing free clock hour training. Assistance is also provided on site for any issues.

Preparedness – seeks to ensure the Public Health’s ability to support the citizen of the Commonwealth during disasters, public health emergencies, and planned events.

Local Registrar Core Services – aids in the efficient administration of vital statistics by examining each certificate of birth or fetal death when presented for filing to ensure proper completion of records. Local registrars shall provide for voluntary paternity establishment services. Each local registrar is responsible for maintaining and filing system for the completed provisional reports of death.

Division of Laboratory Services – is to provide for diagnostic, surveillance and consultative clinical and environmental laboratory services to support core public health initiatives. DLS also supports the community at large with newborn screening testing and select agent testing for biological, chemical and radiological pathogens.

Chronic Disease Prevention and Control/Health Promotion – Promote, implement, and evaluate evidence-based interventions/strategies at the community and state level that support healthy living; improve access to preventive services, disease management and quality care; and prevent new cases of chronic disease.

Dental Health Coalitions – is a special grant for each Gateway County to provide partner with community agencies and individuals to promote better dental care. Dental health affects all aspects of an individual’s health. It is also important to a community’s total health.

Teen Pregnancy Prevention – is a special grant that has been awarded to Gateway to improve decision making skills for adolescents to make better decisions throughout life. This will be done in schools through evidenced based educational classes.

First Steps – is a special program that covers 10 counties to assess any referred individual aged birth through 3 years for developmental delays and provide referral services to improve total life outcomes for the individual.

Kentucky Region 8 Hospital Preparedness Planning Coordinator – works with all health care agencies/providers (public and private) to ensure planning and preparedness for any emergency event. This includes support for responders with equipment and supplies as needed in an emergency.

You may call our facilities at any time for service or questions.

Days and Hours of Operation: M-F 8:00 – 4:30

Eligibility Requirements for Service: Applicants must meet the following guidelines and the mortgage must be with a participating servicer.

- Maximum amount of liens on the property cannot exceed \$275,000.
- Maximum of two liens permitted on the property.
- Applicant(s) must demonstrate a need for assistance
- Maximum liquid reserves are six months PITI (excluding retirement funds).
- Applicants must sign a hardship certification acknowledging the reduction in income due to no fault of their own.
- UBP is only available to applicants whose mortgage servicing company agrees to partner with Kentucky Housing Corporation. An applicant cannot

receive assistance if their servicer has not enrolled as a participating servicer.

Optional Contact: Call (866) 830-7868 toll-free in Kentucky

About the Organization: A new statewide program, funded through the [Hardest Hit Fund](#), which makes \$148 million available for Kentuckians who have been unemployed through no fault of their own. The program provides funding which will help bring your mortgage current.

The Kentucky Unemployment Bridge Program (UBP) is a forgivable loan option for eligible applicants to assist them in making their mortgage payments. To be eligible, the applicant must have experienced a job loss or reduction in income due to changing economic conditions, through no fault of their own, and demonstrate a need for assistance.

The UBP is not for job or income loss due to divorce, death, or disability. The job loss or reduction on employment income must have occurred within the three (3) year period prior to date of application.

The maximum amount of assistance is \$30,000 or 18 months, whichever occurs first (*effective with closings on or after March 4, 2013*). Of the \$30,000, the maximum amount that may be used for reinstatement, all related fees and payments to bring your loan(s) current, is \$12,500 (*effective with closings on or after May 7, 2012*).
